Education

2025 M.P.P., **KDI School of Public Policy and Management, South Korea**, *Magna Cum Laude*
Major: Regional Development and Environment Policy
Minor: Data Science for Public Policy and Management

2021 B.A. in International Studies, **Yonsei University, South Korea**, *Honors with Distinction*
Major: East Asian Economy and Business

Research interests

Environmental and Energy Economics, Energy Efficiency, Applied Microeconomics, Development Economics

Working papers

1. Energy Impacts of Green Remodeling: Evidence from the Building Sector [PDF]
   with Yeong Jae Kim
2. When Electric Vehicle Off-Peak Charging Discounts Backfire and When They Don't: Experimental Evidence from South Korea [PDF]
   with David Woo, Sungho Park, and Yeong Jae Kim
3. The Impact of Zero Energy Building Policy on Building Electricity Use (Master's thesis)

Work in progress

1. The Local Economic Footprint of Data Centers: Electricity Demand and Firm Employment in South Korea
   with Yeong Jae Kim
2. Encouraging Vehicle-to-Grid (V2G) Participation to Curb Electricity Demand Growth
   with Yeong Jae Kim

Presentations

2026 KDIS - Yonsei Mirae Applied Economics Graduate Workshop, Wonju, South Korea *(Scheduled)*
19th International Association for Energy Economics Conference, Munich, Germany *(by coauthor)*
7th World Congress of Environmental and Resource Economists, Carcavelos, Portugal *(by coauthor)*
Japan Empirical Industrial Organization Workshop × Japan-Tokyo Resource and Environmental Economics Joint Workshop, Tokyo, Japan

Awards and honors

2025 Outstanding Thesis Award, KDI School of Public Policy and Management
2025 Dean's List, KDI School of Public Policy and Management, Spring and Fall
2015–2019 Academic Excellence Tuition Scholarship, Yonsei University
Fall 2015; Spring and Fall 2016; Spring and Fall 2019

Research experience

RA to Prof. Yeong Jae Kim, KDI School of Public Policy and Management
- Conduct empirical research on building energy efficiency, electricity demand, electric vehicles, and data centers.
- Built and cleaned databases on electric vehicle charging infrastructure and data centers for a joint project with Seoul National University of Science and Technology.
- Collected and analyzed data for "The air quality effects of Uber" and drafted literature reviews on the health effects of air quality and the impact of ride-hailing services on air pollution.

RA to Prof. Sungho Park, KDI School of Public Policy and Management
- Cleaned and analyzed data and prepared tables and figures for the project "Community-Based Early Warning Systems and Disaster Preparedness: Experimental Evidence from Georgia."

RA to Prof. Wonhyuk Lim, KDI School of Public Policy and Management
- Collected and analyzed Korea Development Institute (KDI) financial statement data to examine long-term financial trends for a development project.

Work experience

2023–2024 **United Nations ESCAP**, Bangkok, Thailand
Economic Affairs Intern, Energy Division, July 2023–January 2024
- Analyzed data on potential hydrogen and ammonia trade routes for the Green Power Corridor Framework for Northeast Asia and drafted sections of the project report.
- Reviewed and revised the paper "Advancing Distributed Energy Resources (DER) Development in Small Island Developing States (SIDS) to Support Energy Transition" for publication.
- Drafted the UN ESCAP 2024 Theme Study working paper on the topic, Leveraging Digital Innovation for the Power Sector.
- Coordinated cross-border energy trade workshops and prepared talking points for participants.
- Organized and facilitated the annual Northeast Asia Regional Power Interconnection and Cooperation (NEARPIC) Forum.

2022–2023 **United Nations Development Programme**, Colombo, Sri Lanka
Coordination Assistant for Green Development, April 2022–April 2023
- Developed communication materials for the Biodiversity Finance Initiative (BIOFIN), the Integrated Water Management Project (IWMP), and key UN environmental dates.
- Identified potential funding opportunities for the Climate and Environment Team in collaboration with NGOs, private-sector partners, and banks.
- Managed the IWMP database, including beneficiary information and project finances.
- Coordinated policy dialogues and workshops, and drafted formal correspondence with government ministries on environmental and sustainability initiatives.

2021–2022 **World Vision Korea**, Seoul, South Korea
Development Program Team Assistant, November 2021–January 2022
- Supported coordination between World Vision Korea and the World Vision Rwanda regional office.
- Monitored project finances and maintained beneficiary records for the KOICA Ultra-Poor Graduation Project for Women-Headed Households.
- Prepared presentations for annual reporting on project implementation and evaluation.
- Translated the annual report for the project Strengthening Socio-Ecological Resilience in Kenya through Mangrove Forest Restoration from Korean into English.

2021 **Ban Ki-moon Foundation for a Better Future**, Seoul, South Korea
Project Assistant Intern, May 2021–November 2021
- Took minutes at high-level meetings with international organizations, ambassadors, and other stakeholders.
- Researched and wrote policy briefs on development issues related to the Sustainable Development Goals (SDGs).
- Organized the Foundation's quarterly Peace and Security Forum, including logistics and speaker coordination.
- Recorded and edited virtual speeches and interviews by former UN Secretary-General Ban Ki-moon, and managed content for the Foundation's website and social media.

Extracurricular activities

2022 **14th Global Environmental Leaders Program, Ministry of Environment**, Seoul, South Korea
Participant (February 2022–March 2022)
- Selected to participate in a one-month program taking courses on biodiversity conservation, renewable energy, Green Official Development Assistance (ODA), and carbon policy taught by professors, climate experts, consultants, and UN officials.
- Wrote and presented the paper "The Importance of Education in Raising Awareness of Energy Issues in Seongdaegol's Energy Self-Sufficient Village."
